

Quick Start Guide

Junior Philippine Computer Society – Mapua University Voting Application

How to use:

The Application consists of two parts:

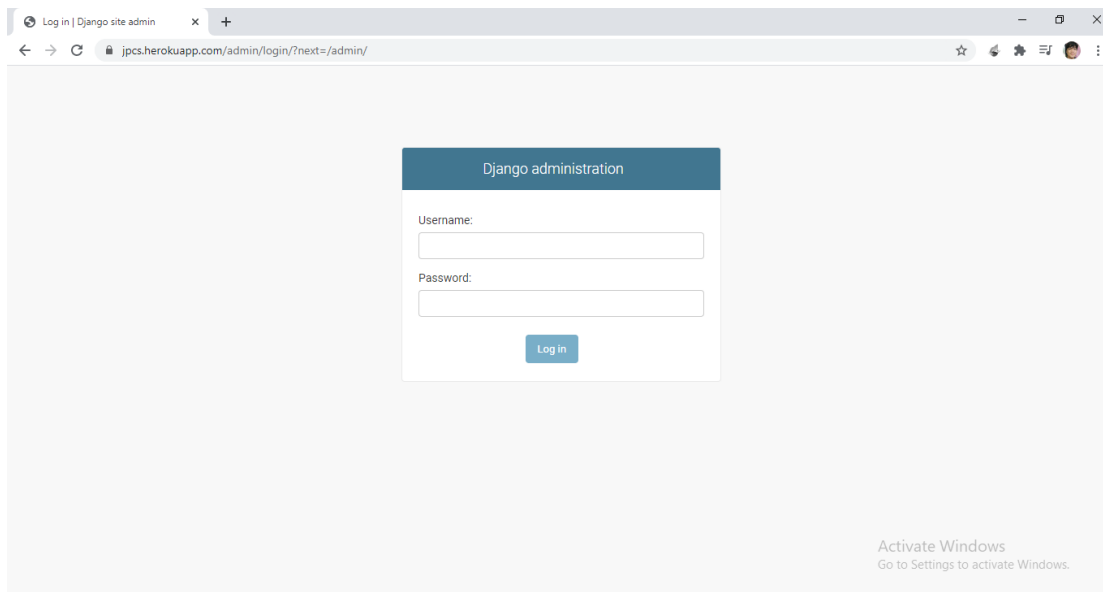

The Admin website and the User Application

The Admin site

Admin username: administrator

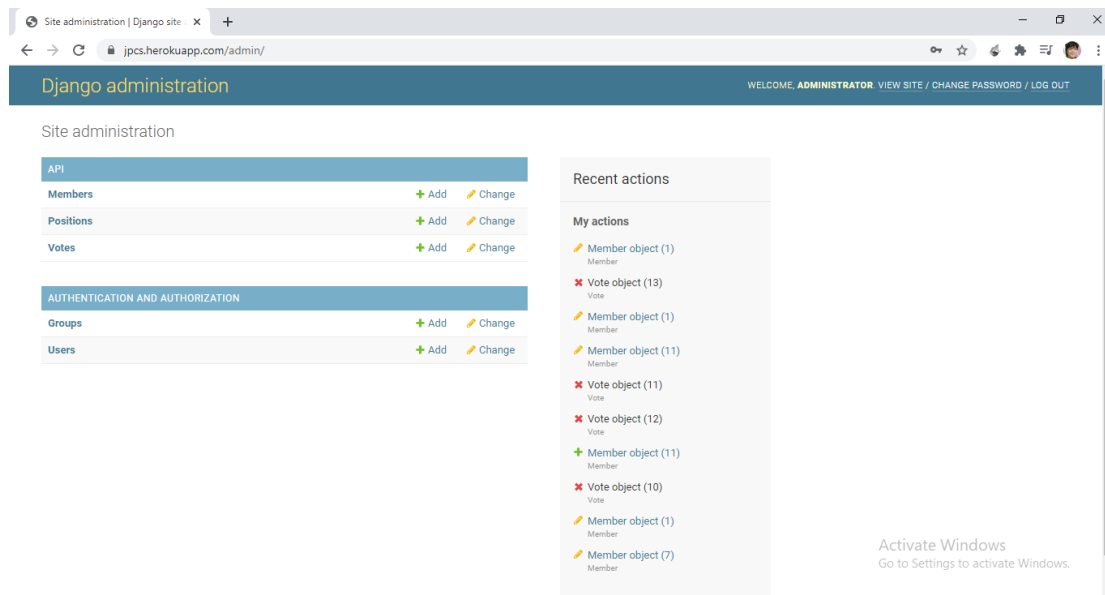

Pw: 12345

<https://jpcs.herokuapp.com/admin>

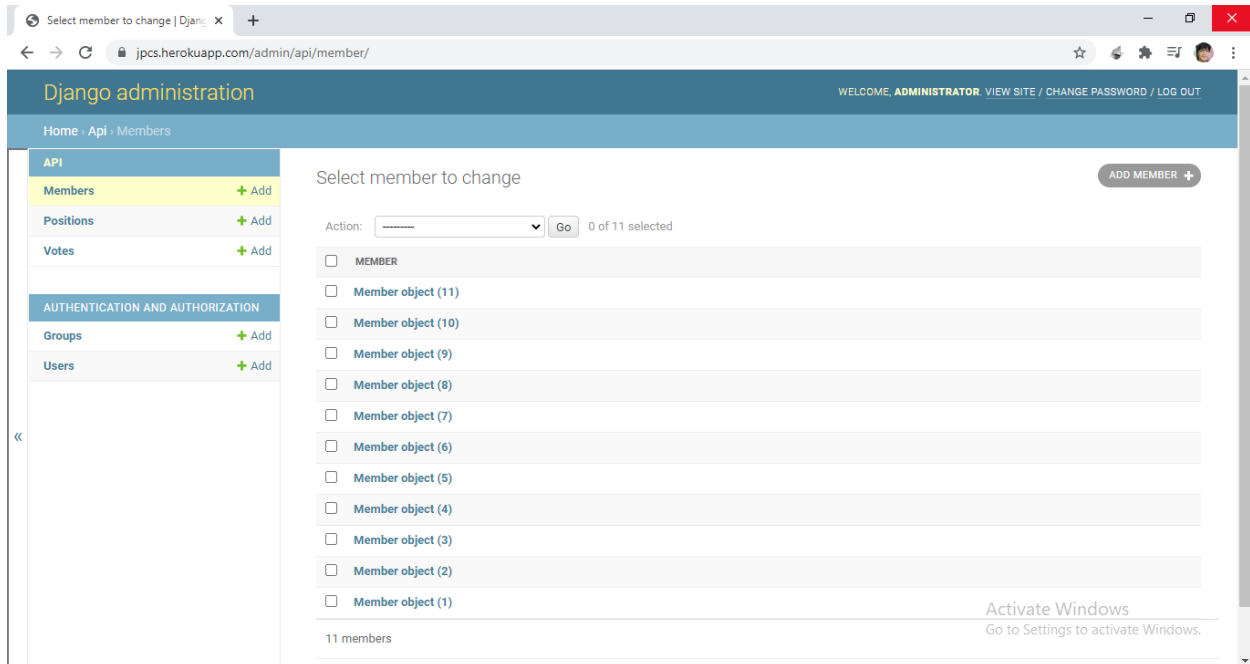

The administrator site is where the administrator could add and delete users, voters, positions, and candidates to the application. This is also where the admin could see the votes and have access to the database. The admin could also add other admins to the database.
